Skill-based progression...

allows your child's swim level to continue to progress from one level to the next. With a year-round program your child never regresses, unlike summer swim programs. Your child is not caught in the cycle of repeating the same swim class year after year!

Student to teacher ratio is 4:1 for all classes except Tadpole Tots.

Advanced (6-10 yr olds)

Join any Time!

Unlike most swim programs, Tricks Splash is an ongoing swim program, so you can join at any time. When your child is ready for the next level, so are we! The students progress at their own pace and our program is flexible enough to fit your schedule.
