"We have been successful in the past and will continue to be successful in the future because of one thing, good people teaming together to do great things for children."

Our Focus

Every fall we have a kick-off training event, where we introduce the theme for the coming year.

This year it's **PASSION!**

With two key elements:

**Exceptional Customer Service
&**

Quality Instruction

"The things you are passionate about are not random, they are your calling."

KIDS' NIGHT OUT

We've got a new look and name for Date Night! This awesome idea, that started as "Family Nights" in 1996 became a "just for kids" date night in 2000. We had 3 little boys at that time. We personally knew that parents need a fun night out together, as much as kids need to burn off energy and be with other kids. The tradition continues as we offer this event once a month. You can always find the current month's date and the future dates on our website under special events.

Speaking of events, all of our gymnastic and TAG birthday parties, plus Kids' Nights Out include a bounce house! We rotate the bounce houses every year between all 3 of our facilities. In January, we are getting a new bounce house and the one in this picture will be taking the train tracks out of town.

TumbleBunny Ta Da!

More recognition is a goal we set last year and you are starting to see the fruits of our labors: Quarterly TumbleBunny recognition weeks called **TumbleBunny Ta Da!**

Graduation Fan Fare

Ring the bell with everyone clapping plus your child's picture/graduation certificate posted in the gym.

The birthday Treasure Box

You will get a Happy Birthday email and then your child can choose a prize out of the treasure box!

Our Dance program has also twirled into many beautiful changes in the past 2 years. We kept everything that made us great in the first place, and then added a little magic we knew would make our program even better! Plus we added a few things you have been asking for. Some of those changes include:

- 1) Combination classes for beginners and single genre classes for all intermediate and advanced classes.
- 2) Introduction of internationally recognized standards.
- 3) All new and updated skill posters/curriculum so dancers and parents can chart progress at home.
- And 4) We have a new logo and slight name change. We LOVE Dance!
